

ORGANIC LIQUID COMPOST

1-2-0.25

Perfect for:

- ✓ Annuals
- ✓ Perennials
- ✓ Trees & Shrubs
- ✓ Lawn & Turf
- ✓ Fields & Pastures

Fast-Acting Alternative to Messy and Smelly Composting

Contents: 5 gallons (18.9 L) Net Weight: 44 lb (20 kg)

Organic Liquid Compost is a fast-acting alternative to messy and smelly composting. It delivers a broad spectrum of organic nutrients, including nitrogen, phosphorus, potassium, calcium, magnesium, and silica, and is made from the finest organic ingredients, including fish manure, fish emulsion, sea kelp, and volcanic ash.

Great for landscaping: apply during new plantings, transplants, Spring / Fall cleanups, or whenever your soil needs an extra boost.

Perfect for fields & pastures: apply prior to, during, or after each crop cycle, or whenever your fields or pastures require a soil amendment.

Directions For Use:

Shake well before each use.

Commercial injectors: set to 1:100 / 1:128 injector ratio, mix 1 part Organic Liquid Compost to 2 parts water into your tank reservoir or backpack sprayer.

Hose-on adapters: set mixing rate to 1oz/Gallon.

Watering cans: mix 1oz of Organic Liquid Compost into one gallon of water and stir. Use this mixture within 24 hours of mixing to avoid spoilage.

Storage Tips:

Store in a cool, dark place. To avoid spoilage, do not pour unused product back into this container.

GUARANTEED ANALYSIS

TOTAL NITROGEN (N)	1%
0.43% Nitrate Nitrogen	
0.49% Other Water Soluble Nitrogen	
0.08% Water Insoluble Nitrogen	
AVAILABLE PHOSPHATE (P ₂ O ₅)	2%
SOLUBLE POTASH (K ₂ O)	0.25%
