

MILLGOOD

AG WASTE SHREDDERS

DUAL SHAFT SHREDDERS

Millgood Ag Waste Shredders offered by MORR Inc. are specifically engineered for the destruction of ag waste. All machines are manufactured in the US and are built to offer high torque and throughput with direct feeding of blending materials. This allows your facility to effectively process your by product and comply with local laws and regulations.

- Stems & Stalks
- Root Balls
- Rockwool
- Failed Clones
- Harvest Waste
- Pots/Containers

GMG007 Shredder

FEATURES & BENEFITS

HIGH TORQUE, HEAVY DUTY DRIVE PACKAGE

Ensures less down time & reduced noise than other destruction methods with ZERO emissions.

AUTO SHAFT REVERSAL

Improves reliability by preventing overfeeding, and protecting against damage from non shreddable objects.

INDOOR / OUTDOOR RATED

System engineers will work to ensure the shredder and any additional equipment fit seamlessly into your system.

BEARING PROTECTION

Shredded contaminants are prevented from reaching the bearings through the use of false walls and seals.

INDIVIDUAL CLEANING FINGERS

Reduces wrapping and materials from packing between the cutters, while being easy to remove and adjust.

AG WASTE SHREDDERS

EQUIPMENT SIZES FOR EVERY APPLICATION

Model	HP	Cutting Width	Cutting Chamber (W x L)	Pounds Per Hour
GMG005	1	5/16"	8" x 10"	100
GMG006	3	5/16"	12" x 12"	300
GMG007	5	5/16"	12" x 12"	500
GMG008	10	5/16"	15" x 15"	1000
GMG009	15	5/16"	15" x 15"	1500
GMG010	20	5/16"	15" x 15"	2000

Note: Higher horsepower shredders and systems available to suit your disposal needs, for additional information please contact MORR, Inc.

SPECIFICATIONS

Drive	Electric motor with in-line planetary reducer
Voltage	208/230/460/575 3 Phase
Cutter Material	Laser cut from high strength alloy for maximum precision and durability
Finish	Durable Powder coat finish
Electrical Panel	Nema 12 Enclosure with lockable disconnect
Controls	PLC Driven Control Package with push button start, stop, and E-stop
Maintenance	User friendly externally accessible lubrication points for easy maintenance

OPTIONS

Custom cutter configurations

Lockable waste chamber

Infeed and output conveyors

Note: Millgood provides additional options and custom solutions, for additional information please contact MORR, Inc.
