

# Microelements™ 1-0-0

## Description of Content:

Product: Plant nutrient for agriculture  
Water solubility: Complete  
Color: Brown Dark Green/Brown liquid  
Stability: 2 years  
Toxicity: None

## Guaranteed Analysis:

|                                      |        |
|--------------------------------------|--------|
| Total Nitrogen (N).....              | 1%     |
| 0.0225%.....Ammoniacal Nitrogen      |        |
| 0.010%..... Nitrate Nitrogen         |        |
| 0.9675%.....Water Insoluble Nitrogen |        |
| Magnesium (Mg).....                  | 0.45%  |
| Sulfur (S).....                      | 1.80%  |
| Boron (B).....                       | 0.020% |
| Copper (Cu).....                     | 0.20%  |
| Iron (Fe).....                       | 0.20%  |
| Manganese (Mn).....                  | 0.75%  |
| Zinc (Zn).....                       | 1.50%  |

## Derived From:

Soy Protein Hydrolysate, magnesium sulfate, sodium borate, copper sulfate, iron oxide, manganese sulfate and zinc oxide. Micronutrients complexed with amino acids from soy protein hydrolysate.

## Ingredients:

SOIL AMENDING INGREDIENT  
25% Algae Solution  
(Microbe food)

## CONCENTRATE

### TDS Sheet

### Caution

Keep out of the reach of children. Do not expose to direct sunlight, extreme heat or cold.

## F002314

## Directions for Use:

1-4 qt per acre per application  
See TDS for specific rates and dilution  
For best results apply as foliar or fertigation  
Consult your PCA or Crop Consultant for additional information about application rates and timing.

Storage Information: Store in original container in a cool, dry place away from excessive moisture and heat. Reseal container after each use.

Due to the fact that soil, weather, and crop conditions may vary, Agroplasma Inc.® makes no guarantees or warranties, whether expressed or implied, concerning the use of this product. The user of this product takes full responsibility and assumes all risks of usage or handling of this product, whether application instructions were followed or not.

Information regarding the contents and levels of metals in this product is available on the internet at <https://www.aapfco.org/metals.html>

Purpose: Intended to boost synthesis of enzymes and the process of photosynthesis leading to increased yields.

Weight per gallon: 10.27 lbs./gallon @ 68°F

Net Contents: 2.5 gallons (9.96 liters)
